Prices vary depending on current specials or deals.

The Woodwind and Brasswind has a three-payment plan where you pay half the cost of the instrument plus shipping charges when you order the instrument. You pay one-fourth of the cost 30 days later and the remaining one-fourth sixty days after your initial order.

Please use this sheet as a guide to check prices at any music retail store. Many music stores can meet or beat their competitor's prices. Please be wary of any online deals. If you find something through a non-music retail site (ebay, craigslist, etc.) feel free to email Mr. Wood to as we want all students to end up with a great instrument!

Many local companies (*like Music & Arts*) can work with you on instrument upgrades!!! Please contact them to see how your current rental contract would affect the purchase of an upgrade!

If you are looking into used instruments either online or in stores please **contact a band director** before you purchase them! We would love to help you find a quality instrument for your hard working student!
